Subject: * UPCOMING ROAD CLOSURES BY NORFOLK SOUTHERN RAILROAD *

There is a prep gang for Norfolk Southern railroad heading to Hapeville GA on Monday December 5. There are 12 crossings total, they are listed below. Each crossing will be closed twice, once for the prep work and then again by the rail gang. The rail gang is tentatively scheduled to be there around the first of the year, please keep in mind that their schedule is almost impossible to predict due to the variables in play (track time issues, equipment, weather, etc). I do understand that work in some of these areas will create an inconvenience or hardship and do apologize for that, however the railroad needs to make repairs/improvements to ensure the performance and safety of the rail system. This email will be faxed to the Fulton County and Clayton County School Districts. Please contact me with any questions. Thank you in advance for your understanding and cooperation during this process.
